# A Responsible Luxury Experience

At our hotel, exceptional experiences go hand in hand with responsibility, for our guests, our people, and the world around us. Today and for the future. We are proud to be Green Key certified, the leading international standard for sustainable hospitality.

## Your Stay, Your Impact

- Reuse towels by simply hanging them up
- Discover the destination by bike or public transport
- Ask our team for nature and local experience recommendations.
- Use refillable bottles and cups to reduce plastic waste
- Support local artisans when purchasing souvenirs
- Help us recycle by using in-room waste separation bins

## Thoughtful Products & Practices

- Housekeeping uses eco-certified cleaning products, benefiting both the environment and our teams
- A plant-forward menu offers refined vegetarian and vegan options
- Leftover bread is repurposed locally, supporting circular initiatives
- We work closely with suppliers who share our sustainability values

## Energy, Water & Emissions

- Energy-efficient LED lighting reduces overall consumption throughout the hotel
- Water-saving shower systems deliver comfort while limiting usage to 7 liters per minute
- Bicycle rentals encourage low-impact exploration of the city

## Waste Reduction

- Bathroom amenities are provided in refillable dispensers to minimize plastic waste.
- Waste is carefully separated and recycled, including paper, glass, and organic materials.
- Our breakfast buffet prioritizes fresh, minimally packaged products
