

# GOOD FOR YOU. BETTER FOR THE PLANET!

We believe great stays should feel good - today and tomorrow. That's why we take care of our guests,

our people, and the world around us. We're proud to be Green Key certified, the leading international label for sustainable hospitality.

## Small Choices, Big Impact

Want to help? It's easy:

- Read the topic 'Love your planet' in your room, for tips on being green during your stay
- Reuse your towels by hanging them up
- Explore by bike or public transport
- Ask our team for tips on nearby nature and local gems
- Bring your own refillable bottle or cup
- Shop local when choosing souvenirs
- Use the recycling bins in your room

## Thoughtful Choices, Every Day

- Many of our paper products, including toilet paper and tissues, carry recognized ecolabels
- Housekeeping uses eco-certified cleaning products that meet strict environmental standards
- Bedlinen is refreshed only when needed or on request, and guests can choose to reuse towels
- We always offer a selection of vegetarian dishes

## Comfort, With a Conscience

- 99% of our lighting is energy-saving LED's, keeping things bright while using less energy
- Our showers deliver full comfort using just 8 liters of water per minute
- In our own parking space we have 5 electric charging points
- When a window is opened in the guest room, the HVAC system is automatically turned off

## People at the Heart

- Our Green Team keeps sustainability moving across the hotel
- Every team member receives sustainability training
- We support local initiatives through programs like the Marriott Junior Council

## Less Waste, More Impact

- You'll find refillable bathroom dispensers instead of single-use plastics
- We sort and recycle waste wherever possible
- We aim to work with the principle 'reduce, reuse, recycle'
- At breakfast, we focus on fresh, delicious options with minimal packaging
